## MYCHRON 4

The introduction of the new MyChron4 brings with itself a new way of showing the most important information acquired in test sessions, races and analysis sitting: RPM, Temperatures and Laptime. We've stepped up our technology with a pixel-based graphical display that easily shows large, easy to read numbers (like exhaust temps), sharp, detailed histograms and graphs (like torque curves), even graphics (like team logos). Get more from your MyChron4 without the need to connect to a laptop, as you view power curves and RPM histograms right on the display. Replay your entire racing session as soon as you get off the track.

There's more to the MyChron4 than just a pretty face.

Check out these advanced features:

- Two configurable Alarm Leds
- Configurable shift led
- Intuitive menu design for easy configuration
- Automatic start
- Long battery life (up to 200 hours with an internal 9V battery)
- 1 MB memory

MY4BA	Amber Display	362.51

## MYCHRON 4 "Gold" E-Box

The optional MyChron4 E-Box enables you to collect even more data, satisfying even advanced data acquisition junkies. The E-Box has four inputs, providing:- Speed- 2 Temperatures- RPM An internal accelerometer (G-sensor) allows you to create a track map on your PC, giving you a complete look at kart and driver performance. Pick a spot on the track and immediately see speed, temps, RPM and more. See which line gave the fastest lap time.

**DIRECT PARTS ORDER ENTRY**

To give our customers faster and more efficient service, we have programmed our computer and trained our telephone operators to enter orders directly into our computer system. This enables our telephone operators to check stock and current pricing for you immediately as you order. To take advantage of our Direct Order Entry Service, please use the following steps when ordering:

- (1) Call our Toll Free Direct Order Entry Line
- (2) Give the operator your assigned Customer Number. The operator will then verify your shipping address. New customers please see below.
- (3) Tell the operator if you would like your order shipped Ground or Special Service and state how you would like to pay for the order: **Certified check or money order**, VISA, MasterCard, Discover or American Express.
- (4) Give the operator **THE PART NUMBER YOU WISH TO ORDER FIRST** and then the quantity you need. The operator will then verify availability and current pricing.

If you are a new customer and have all your part numbers, please call our Toll Free Direct Order Line and tell the operator this is your first order. They will then assign you your American Power Sports Customer Number and take your order.

**PARTS INFORMATION AND CUSTOMER SERVICE** If you do not have part numbers, or have questions about parts applications, please call our Parts Information/Customer Service Number (1-440-564-8100). If you have a problem with an order, need to check when an order was shipped, or have other questions concerning your order, please call our Parts Information/Customer Service Number (1-440-564-8100). **Our Direct Order Operators do not have the information available to properly assist you with Parts or Customer Service Questions.**

**ADD-ONS OR CHANGES TO AN ORDER** Because of the speed of our direct order entry system, it is **not** possible to add-on to, cancel, or change an order once it has been placed. All calls to add-on to an order will be treated as a separate order and are subject to our normal ordering policies and terms.

**TO AVOID ADDITIONAL SHIPPING & HANDLING CHARGES, PLEASE MAKE SURE YOUR ORDER IS COMPLETE BEFORE CALLING OUR ORDER LINE.**

**FOREIGN ORDERS** Orders being shipped to points other than the United States, Canada, or Puerto Rico must be Paid in Advance in U.S. funds with a money order or certified check (Sorry no credit cards). Minimum order for shipment is \$500.00.
